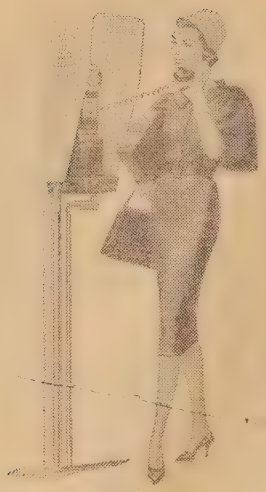
COMPLETE LINE OF FEEDS—FERTILIZER IF NO ANSWER DIAL FR 6-3556

"I'M GONNA PUT UP A HOWL!"

That's what will happen sooner or later when you leave your telephone off the hook—you'll hear a howling signal from the central office which is our way of asking you please to replace it. Blocks incoming calls, you know. And keeps folks on the party line from using their telephones.

Southern Bell

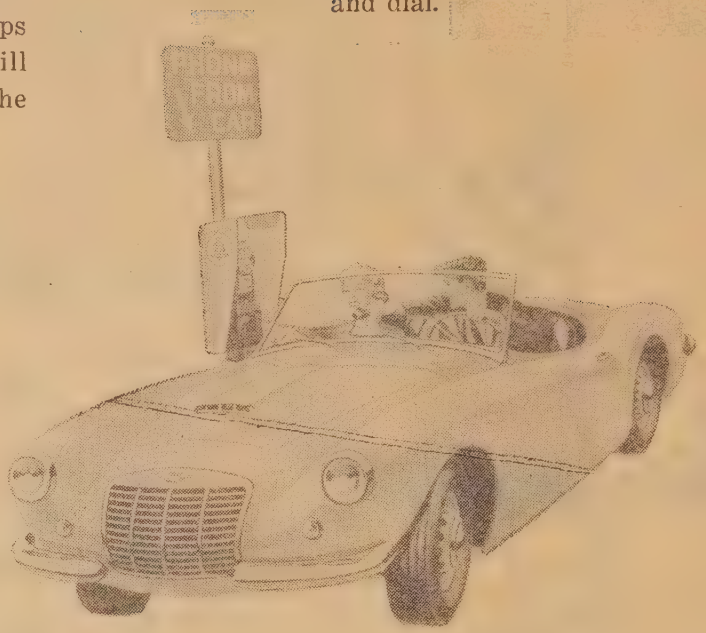
HOME INTERPHONE Lets You Answer the Door And Talk Room-to-Room on Your Telephone



What convenience! Whether you're dressing, dusting or dinner planning, you just pick up a phone to find out who's at the door. You can also use your phone to switch a call to the teenager . . . talk with Dad in the workshop without his lifting a hand . . . check on the sleeping baby . . . summon the family to dinner.

You, and the whole family, will enjoy many new conveniences, and extra security, with the modern Home Interphone—the complete home communications system, with matching color phones and speakers. Why not enjoy it tomorrow? Order yours from your Telephone Business Office or any telephone serviceman.

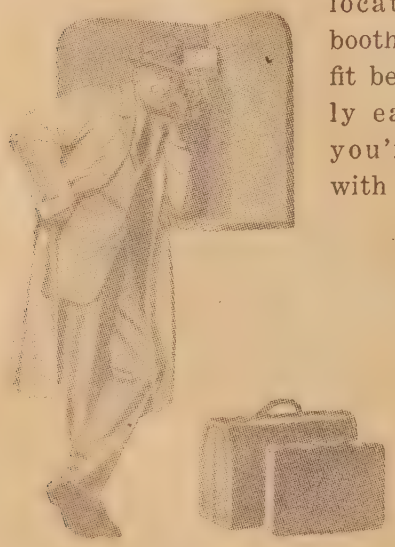
BELL SYSTEM



Southern Bell

FP—61—3A

THE WALK-UP PHONE — Saves time and steps for everybody. You will find it as handy as the corner mailbox.



THE DRIVE-UP PHONE — A natural for a nation on wheels. Just drive up to the Drive-Up and dial.

NEW PUBLIC PHONES

to serve you in new ways and places

THE CORNER SHELF — Goes in indoor locations where booths would never fit before. Especially easy to use if you're burdened with luggage.

THE AIRLIGHT BOOTH — Its friendly night light means 24-hour service and protection on city streets and highways wherever you go. Use public telephones. They're there to help you.

Southern Bell

FP-60-6A

"Thanks for Calling"

That's our way of thanking you, not only for the calls you make day in and day out, but also for the opportunity of serving you.

Every day we're doing our best to make your telephone service as useful and convenient as you want it to be.

Mighty nice to have you as a customer!

Southern Bell

FP-60-7A

Easy Living Within Easy Reach!

Enjoy the convenience of a Kitchen Extension Phone

Telephone to your heart's content and all the while keep an eye on that scrumptious new recipe you're trying. Order your kitchen extension now . . . from the Telephone Business Office.

Southern Bell

FP-60-8A

Every telephone is important to us . . .

Suzy's toy telephone is important to her — just as your phone is important to you.

To us, every phone is important because we know how much good telephone service means to our customers.

Whenever a phone needs repairs (and that doesn't happen often), we fix it promptly — often before the customer even knows anything is wrong.

And there's never a charge for repairs, either. It's just another plus you get from your telephone service.

When you forget the name, address or telephone number of a business concern, look it up in the Yellow Pages.

PLANNING TO BUILD A NEW HOME OR TO REMODEL?

Telephones today should be located throughout the home for the most in comfort, convenience and protection.

Have Your Architect or Contractor Place BUILT-IN TELEPHONE OUTLETS During Construction. They Add Little to Building Costs.

Locations of telephones can be changed or additional telephones added in the future without tearing up flooring or running wires along baseboards.

Before you build or remodel, consult our "Telephone Planning Service",

Good telephone service depends to a large degree upon the team-work of telephone men and women all along the line. Linemen, installers, operators, engineers, service representatives—all work with one purpose in mind—to give you the finest telephone service in the world at the lowest cost consistent with financial safety.

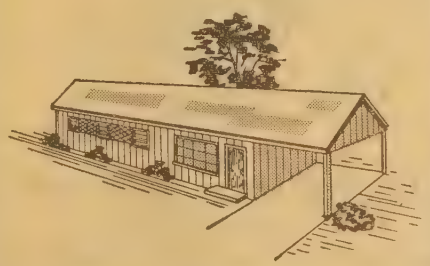
Your Buying Guide—The Yellow Pages.

PLANNING TO BUILD A NEW HOME OR TO REMODEL?

Telephones today should be located throughout the home for the most in comfort, convenience and protection.

Have Your Architect or Contractor Place BUILT-IN TELEPHONE OUTLETS During Construction. They Add Little to Building Costs.

Locations of telephones can be changed or additional telephones added in the future without tearing up flooring or running wires along baseboards.



Before you build or remodel, consult our "Telephone Planning Service", Telephone 228-9011

PLANNING TO BUILD A NEW HOME OR TO REMODEL?

Telephones today should be located throughout the home for the most in comfort, convenience and protection.

Have Your Architect or Contractor Place BUILT-IN TELEPHONE OUTLETS During Construction. They Add Little to Building Costs.

Locations of telephones can be changed or additional telephones added in the future without tearing up flooring or running wires along baseboards.

Before you build or remodel, consult our "Telephone Planning Service", Telephone 228-9011

(T-154)

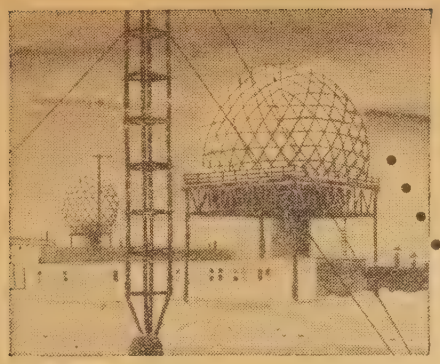
IF NO ANSWER DIAL 228-6248
(W-26)

Nothing builds business like AWHERENESS

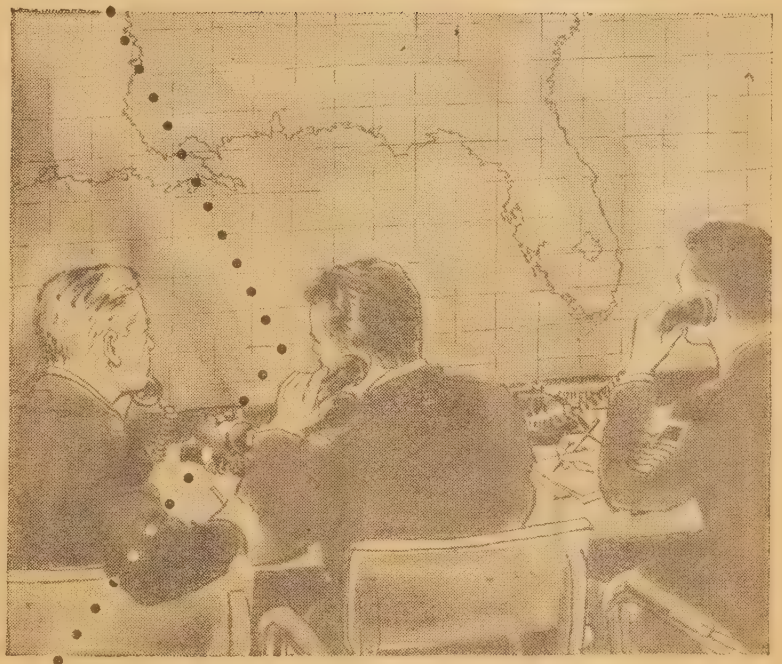
and nothing builds AWHERENESS like the Yellow Pages—

the buying guide that tells people WHERE to buy.



good neighbors along the line

Good party-line telephone service is nothing more nor less than being good neighbors. And good neighbors are considerate of each other in sharing their party line.

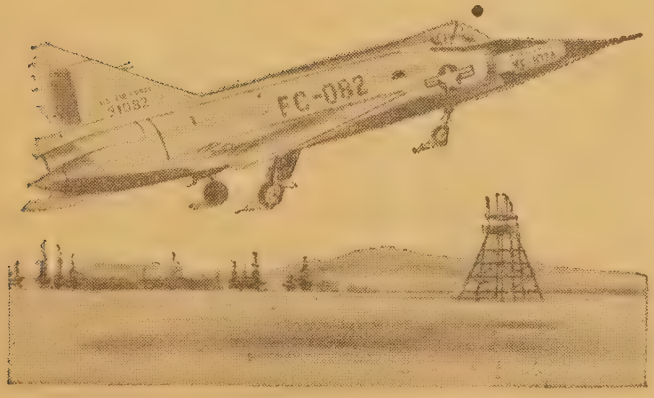


Southern Bell

FP-60-1A

DEW LINE RADAR DOME—just one in a line of early warning stations set up to flash the signal, "Unidentified planes approaching!"

This Line Helps Guard Your Family



The Dew Line and America's other defense systems depend upon a telephone network for instant communication.

The same telephone lines that help you in your daily living help protect our country.

When people ask, "What's your line?", we're proud we can answer . . .

"It's a line of national defense."

Southern Bell

FP-60-5A

Numbers Frequently Called

You will find it convenient to list below Numbers Frequently Called, New, Changed and Out-of-Town Numbers
Please verify all numbers before listing them

NAME	CITY	AREA CODE	NUMBER

ALSO . . . A NEW AND FASTER WAY TO PLACE . . .

Collect Calls / Credit Card Calls / Person-to-Person Calls / Calls from Coin Telephones / Other Special Calls

Three Easy Steps

Dial Operator and give:

1. AREA CODE . . . see list below
2. NUMBER YOU ARE CALLING
3. YOUR NUMBER WHEN SHE ASKS FOR IT

EXAMPLE

ON A CALL TO DENVER, COLORADO ALpine 5-0008 SIMPLY SAY

"AREA CODE 303 AL 5-0008"

DO NOT GIVE YOUR TELEPHONE NUMBER UNTIL THE OPERATOR REQUESTS IT.

HOW TO READ A TOLL TICKET

A. The name of the town and state in which called party is located.

B. The date the call was placed.

C. The name of the town and state in which calling party is located.

D. The Central Office Number from which the called is placed.

E. The Central Office Number and Telephone Number to which the call is billed.

F. The amount billed for the call. This does not include the tax.

G. The Central Office and Telephone Number of the called party or station.

H. Area Code, Central Office Number and Telephone Number of the called party or station.

I. The name of the called party. (Not always shown unless a person to person call.)

J. The name of the party placing the call. The long distance operator writes the name phonetically, that is, the way it sounds to her over the telephone.)

K. The classification of the call.

L. Indicates the charge started at 4:54 P.M. The triangle corresponds to an hour hand and the arrow to a minute hand.

M. Indicates the time elapsed in minutes since the charge started.

N. Arrow "N" supplements arrow "M" and shows in seconds that portion of the time elapsed which cannot be accurately determined by the minute hand (arrow "M"). When arrow "N" has passed the 5 second mark, changes for an additional minute are applied on calls within the State. When the arrow has passed the 15 second mark, charges for an additional minute are applied on calls outside the State.

GENERAL INFORMATION FOR SUBSCRIBERS

CLASSIFICATION OF AREAS AS THE BASIS FOR FURNISHING TELEPHONE SERVICE

Economical operation of the telephone business to secure protection to the whole body of rate payers and to the business itself, requires that the property be built and operated in accordance with a definite plan under which specified classes of service are regularly furnished in specified areas or types of areas. The Telephone Company therefore does not undertake to furnish any desired class of service at any desired location, nor does it undertake to extend its plant to remote sections where such extension is not warranted by public necessity as distinguished from personal desire, except where protection is afforded. The general plan for furnishing telephone service as authorized in the General Tariff is based on a classification of areas by types for the determination of the classes of service available and for the application of rates.

APPLICATION FOR SERVICE

The initial application for telephone service must be made on the Company's standard application form, and signed by the applicant or his duly authorized agent, to whom service is to be billed. Application for additional service may be made either orally or in writing, and is considered as forming a part of the initial application. The Company reserves the right to refuse service to any applicant that is found to be indebted to the Company for service previously rendered.

USE OF THE SERVICE

"WARNING: North Carolina law provides that any person who shall wilfully refuse to immediately relinquish a party telephone line when informed that such line is needed for an emergency call to a fire department or police department, or for medical aid or ambulance service, shall be guilty of a misdemeanor. Such law also provides that any person who shall secure the use of a party telephone line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor."

VERBAL MESSAGES

The Telephone Company will not transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connection. Employees of the Telephone Company are forbidden to accept either oral or written messages to be transmitted over the lines of the Company.

COMPETITION

All equipment furnished by the Telephone Company shall remain the property of the Company. Such equipment shall not be used for any toll or consideration to be paid by any other person than the customer, nor for performing any part of the work of transmitting, delivering or collecting any message, where any toll or consideration has been or is to be any part other than the Telephone Company, without the written consent of the Company.

ERRORS IN TRANSMITTING

In view of the possibility of errors and difficulties in the transmission of messages by telephone and the impossibility of fixing in all cases the causes thereof, the customer assumes all risks connected with the service, as the Telephone Company cannot guarantee uninterrupted working of its lines and instruments.

TELEPHONE NUMBERS

The customer has no property right in the telephone number or any right to continuance of service through any certain central office and the Telephone Company may change the telephone number of the central office designation whenever it deems it desirable in the conduct of its business.

LOCAL MESSAGES

A "Local Message" is a communication between stations bearing the designation of the Central Office districts within the same local service area.

PREMISES

The term "Premises" is defined as the building or portion of a building owned or occupied by the customer in the conduct of his business, or as a residence.

OWNERSHIP OF EQUIPMENT

Instruments and lines on customer's premises furnished by the Company shall be and remain the property of the Company.

MAINTENANCE

All ordinary expense of maintenance and repair, unless otherwise specified in the Company's schedules, is to be borne by the Company. If any instrument or piece of apparatus is destroyed or injured otherwise than by unavoidable accident the customer is to pay the actual cost of replacing or restoring the same to its original condition.

MOVING EQUIPMENT

The customer shall not disconnect or remove, or permit others to disconnect or remove from the premises any equipment and lines installed by the Company. Subject to the rates and charges applicable, the Company will move, upon request of the customer, its equip-

General Information For Subscribers—cont'd.

ment and lines to any accessible point served by the exchange with which it is connected.

NOTICE OF CHANGING LOCATION

Ten days' notice for changing location of telephones should be given. Customers are requested to report fully by letter any change in firm or name or business, for corrections in the following issue of directory.

ENTERING CUSTOMER'S PREMISES

The Company's representatives shall at all reasonable times have the right to enter the premises of the customer for the purpose of making connections or to inspect and repair the instrument and lines and, upon termination of the service, for the purpose of removing such instruments and lines.

RIGHT-OF-WAY

The Company shall not be required to furnish nor be held liable for failure to furnish service where for any reason it has been unable to secure or continue in use its private right-of-way over a direct route then deemed expedient by the Company.

INTERRUPTION OF SERVICE

In case service is interrupted otherwise than by the negligence or willful act of the customer, an allowance is made, computed on the basis of the minimum monthly rate for such of the telephone service, equipment and facilities furnished as are rendered useless or inoperative. Such allowance covers the period the interruption continues after notice in writing is received by the Telephone Company. No other liability shall in any case attach to the Telephone Company.

EXCESSIVE USE OF PARTY LINES

When party line service is furnished, the Telephone Company may in consideration of the rate at which service is furnished establish and furnish service to one other customer in the case of two-party line service, and other customers in the case of multi-party (more than two-party) line service. The Telephone Company reserves the right to cancel any two-party line or multi-party line contract, upon thirty days' notice whenever in the judgment of the Company, the use of the customer holding such contract is such, from large use or other causes, as to interfere with the reasonable use of others connected with the same line.

LIMIT TO USE OF PARTY LINES

Continuous use of party line by any station on the line must be limited to five minutes, whether the party using the station made the call or was called.

CHOICE OF EQUIPMENT

The equipment used by the Company as a means of furnishing service to its customers is restricted to standard types and sizes, designed to render efficient service. Except where choice between wall or desk types of telephone set is offered, the Company reserves the right to determine the size and type of equipment which shall be furnished in each application for service.

UNAUTHORIZED ATTACHMENTS

The telephone equipment, apparatus and lines furnished shall be carefully used and no instrument, appliance or device, of any kind, not furnished by the Telephone Company shall be attached to or in any way used in connection with such telephone equipment, apparatus and lines. In case any instrument, apparatus or device of any kind other than that furnished by the Telephone Company is attached to or connected with any part of the Company's property, the Telephone Company reserves the right to remove such instruments, apparatus or device and to suspend or disconnect service without any claim on the part of the customer.

No binder, holder or auxiliary covers shall be used in connection with any telephone directory furnished by the Telephone Company.

MISCELLANEOUS SERVICES

Schedules of rates covering Private Branch Exchanges, Hotel Private Branch Exchanges, extra listings in directory and other miscellaneous services are on file in the general offices of the Company.

OBJECTIONABLE LANGUAGE

The customer shall not use or permit to be used, profane, obscene or abusive language, or impersonate any other individual with fraudulent intent over the wires connected with his instrument, or use the same for any unlawful purposes.

DIRECTORY ERRORS

No liability whatsoever shall attach to or be assumed by the Company or the publisher for any errors or omissions in the compiling, printing or distributing of its directories.

RESPONSIBILITY FOR MESSAGES

Customers are responsible for all charges for toll messages originating from or reversed to their telephones.

TERMS OF PAYMENT

The customer shall pay monthly in advance or on demand all charges for exchange service and equipment and shall pay on demand all charges for toll service. The customer assumes responsibility for all charges for exchange service and toll messages originating at the customer's station, and for toll messages received at the customer's station on which the charges have been reversed with the consent of the person called.

All charges due by the customer are payable by the customer at the Telephone Company's Commercial Office or any other agency duly authorized to receive such payment. If objection in writing is not received by the Telephone Company within thirty days after the bill is rendered, the account shall be deemed correct and binding upon the customer.

NON-PAYMENT

In the event of abandonment of the station, the non-payment of any sum or any other violation by the customer of the Telephone Company's rules and regulations applying to the customer's contracts or to the furnishing of service, the Company may without notice, either (a) suspend the services until all violations have ceased, or (b) terminate the customer's contract without the suspension of service, or (c) following a suspension move any of its equipment from the customer's premises.

RECONNECTION CHARGES

When service has been temporarily suspended for non-payment of charges, reconnection is made only upon payment of all of the charges due to date under the contract and in addition a reconnection charge of $3.00 is made.

TERMINATION OF SERVICE

For any use of equipment or service, improper or contrary to the Company's rules and regulations, the Company reserves the right to terminate the service immediately, unless otherwise provided herein, upon written notice mailed to or left at the customer's premises.

LONG DISTANCE SERVICE

Your call will be Station-to-Station if you will talk with anyone available at the called telephone except when that telephone is an extension or a department reached through a private switchboard. Charges begin when the called telephone or private switchboard is answered.

Your call will be Person-to-Person if you specify a person or an extension or department reached through a private switchboard. Charges begin when the person called or the extension or department specified is reached.

Special rates for both Station-to-Station and Person-to-Person calls are in effect every night from 6 P.M. to 4:30 A.M. and all day Sunday. These reduced rates are lower than corresponding week day rates on calls for distances of 45 miles or more; consequently, all long distance calls are not given reduced rates.

DIAL INSTRUCTIONS FOR GIBSONVILLE

HOW TO PLACE A CALL

Remove the receiver, place it to your ear and listen. A steady "purring" sound called the "dial tone" will be heard if your line is ready for use. Do not dial until you hear it. If another party is using the line, hang up your receiver and wait a few minutes before again attempting to place your call.

If you have an individual line, or if you are on a party line and have ascertained that the line is not busy, place your finger firmly in the opening over the first digit to be dialed. Pull the dial around clockwise until your finger strikes the stop arm—remove your finger and let the dial return BY ITSELF until it stops. Proceed in the same manner with all the digits of the number being called. If the called party's line is busy, you will hear a "buzz-buzz-buzz" sound called the "busy signal." When you hear this signal, hang up the receiver and try again in a few minutes.

HOW TO CALL OTHER POINTS WITHIN THE EXTENDED SERVICE CALLING AREA

To call a party outside the Gibsonville exchange boundary area having Anderson, Burlington, Elon College, Kimesville, Saxapahaw or Swepsonville telephone numbers dial the listed directory number of the called party as under "How To Place a Call" above.

No toll charge applies in connection with such Extended Area Service calls.

HOW TO CALL A PARTY ON YOUR OWN LINE

You will be furnished a card listing the names, telephone numbers, and Special Code for calling the other parties on your line. When you receive "dial tone," dial the Special Code assigned to the party you are calling. Replace the receiver as soon as you have completed dialing, allowing time for the bells of the called party's telephone to ring several times. Remove the receiver and wait for an answer.

Goes anywhere...and

goes beautifully!

new *Princess* phone!

It's *modern*—styled for beauty with smart simplicity.

It's *small*—to take less room on table, desk or kitchen counter.

And the *dial lights up*—glows in the dark so you can find it quickly. When you lift the receiver, lights up brightly to make dialing easy.

Choice of attractive colors. Just call or visit our Business Office to order.

WARNING:

EMERGENCY CALLS ON PARTY LINES

The penal code of the State provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such line is needed for an emergency call, and in fact such line is needed for an emergency call, to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor. "Emergency" as used above means a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential.

How to Dial Places Listed in this Directory

(For all other places, see page 2)

1 **Wait until you hear the dial tone before you dial. If the number you want is not in this directory, Burlington subscribers dial 113 and ask the Operator for it. Anderson, Kimesville, and Saxapahaw subscribers dial 22-113.**

2 **Dial as follows:**

FROM THESE TELEPHONES	TO CALL THESE TELEPHONES — Dial the Listed Number			
Burlington 226 228 CA 6 CA 8 227 584 CA 7 JU 4	226 CA 6 227 CA 7	228 CA 8 584 JU 4	421 HA 1 563 449	565 LO 5 376 FR 6

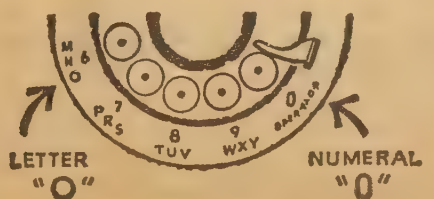
Ringing Signal



A soft "burr-r-ring" repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer—about 10 rings—before you hang up.

The Busy Signal

A steady "buzz-buzz-buzz" sound means the line you called is in use. Hang up and call again later.

Letter "O" – Numeral "0"

Please be careful not to confuse the letter "O" with the numeral "0" when dialing.

Calling Another Party on Your Line

Dial the number or station code, as appropriate. Hang up when you hear the busy signal. Your bell will then start ringing. When it stops, pick up your receiver and talk. If your party does not answer, lift the receiver to stop the ringing.

Numbers and Codes for Other Parties on Your Line

Burlington
- 2-Party with CAnal (22) numbers . . . . . dial 1191
- 2-Party with JUniper (58) numbers . . . . dial 912
- 4- and 8-Party . . Obtain Code from Repair Service

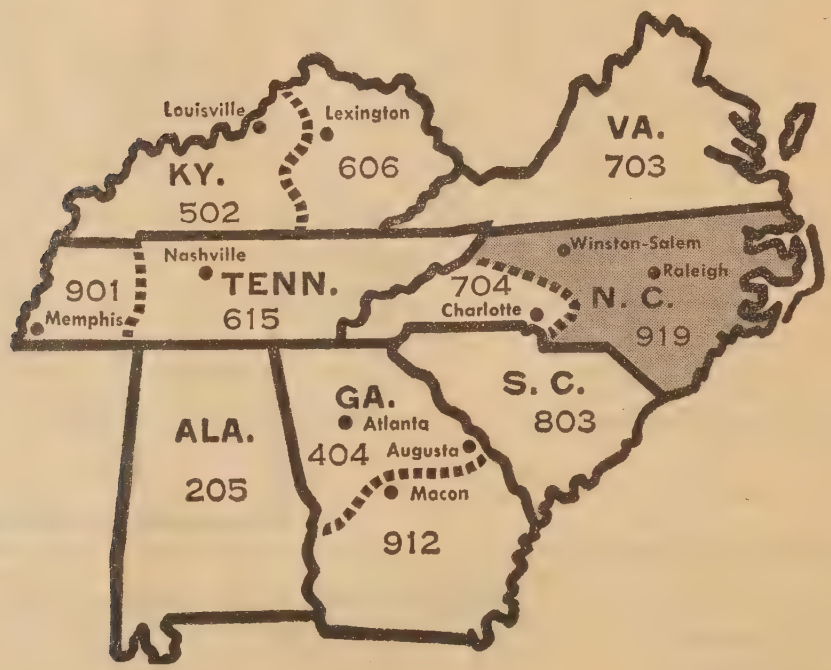
Anderson
- 2-Party . . . . . dial 912
- 4- and 8-Party . . Obtain Code from Repair Service

Kimesville
- 2-Party . . . . . dial 471
- 4-Party . . . . . Obtain Code from Repair Service
- 8-Party . . . . . Dial Listed Number

Saxapahaw
- 2-Party . . . . . dial 8812
- 4- and 8-Party . . Obtain Code from Repair Service

Your Telephone Operator

Your Operator is always ready to help you with calls you cannot dial, any difficulty you may encounter, and in EMERGENCIES. To reach her just diol "OPERATOR."



HOW TO USE DIRECT DISTANCE DIALING

The United States and Canada are divided into more than 100 telephone areas, each identified by a three-digit area code. (See map on page 3.) This system makes it possible for you to have Direct Distance Dialing. With DDD, you can dial your own station-to-station calls, when the number you are calling has either two letters and five numerals or seven numerals. For other types of calls and calls from coin telephones, dial "Operator."

If you know the area code and number . . .

1 ON CALLS INSIDE THE 919 AREA

DIAL 1 and then the TELEPHONE NUMBER. Do not dial area code 919.

Telephones in This Directory Are in the 919 Area

2 ON CALLS OUTSIDE THE 919 AREA

DIAL 1 and then the appropriate AREA CODE and the TELEPHONE NUMBER.

3 GIVE THE OPERATOR YOUR NUMBER WHEN SHE ASKS FOR IT

Before the called telephone rings, an operator will ask "Your number, please?" Be sure to GIVE HER THE NUMBER FROM WHICH YOU ARE CALLING.

4 IF YOU REACH A WRONG NUMBER

—dial "Operator" immediately and TELL HER WHAT CITY YOU REACHED so you will not be billed for the call.

If you don't know the area code or number . . .

1 HOW TO GET THE AREA CODE

A partial list of places you can dial direct and their area codes are shown on pages 3-7. If the place you want is not listed, dial "Operator" and ask her if it can be dialed.

2 HOW TO GET THE NUMBER

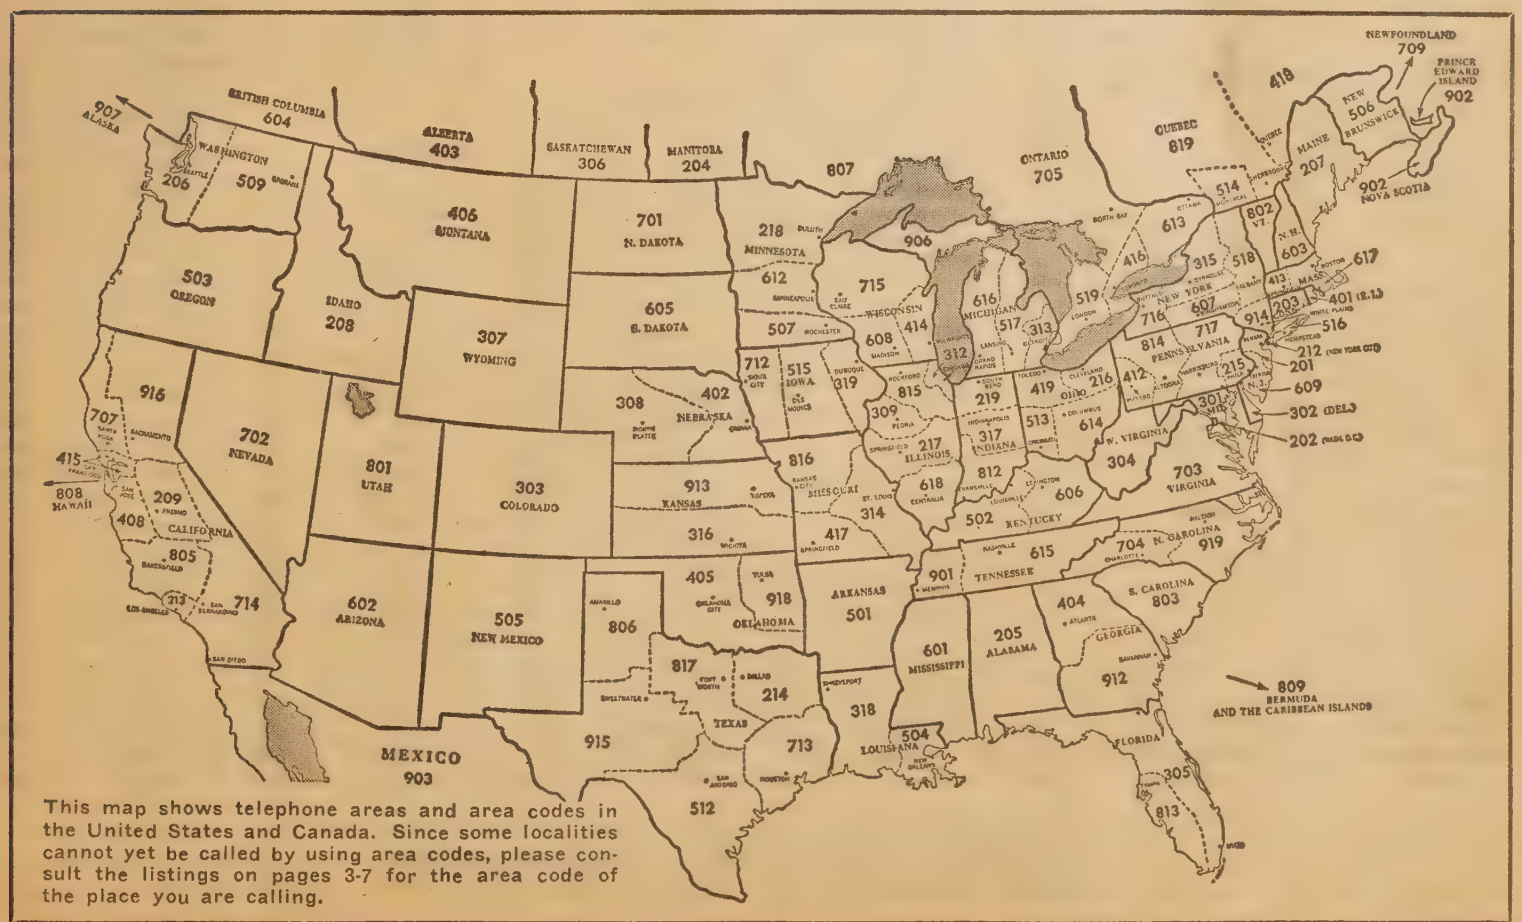
If you don't know the out-of-town number, you can dial the information Operator serving many distant places—those starred on pages 3-7—without charge. Dial 1, then the area code (if it is different from the one for the telephone you are using), then 555-1212. When the Information Operator answers, first give her the city or town, then the name and address you are calling.

If the place you are calling is not starred, dial "Operator" and ask for Information in the distant city.

3 DIAL THE CALL, FOLLOWING INSTRUCTIONS IN LEFT COLUMN

IF YOU NEED ASSISTANCE, DIAL "OPERATOR." SHE WILL BE GLAD TO HELP YOU.

AREA CODES FOR FASTER LONG DISTANCE CALLING



Even on calls you must place with the Long Distance Operator, the area code will help you get them through faster. Just give her the area code (if it is different from the one for the phone you are using) and the telephone number you want. For example, say "Area code 311, KL 5-2368." If the Operator needs to know the place name, she will ask you for it.

★ Information service for this point can be reached without charge by Direct Distance Dialing. Dial as you would any DDD call using the access and area code, where appropriate, and 555-1212.

TYPES OF CALLS

STATION-TO-STATION

Call station-to-station if you will talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

PERSON-TO-PERSON

Call person-to-person when you must talk to a particular person or extension telephone. Rates are higher than station-to-station. Charging starts when conversation begins.

CONFERENCE

You can talk with several people in different places at the same time. Tell the Long Distance Operator you wish to make a conference call.

COLLECT

You can make most calls "collect" if the person you are calling agrees to pay the charge. If you want to make a collect call, please be sure to tell the Operator when you give her the call.

MOBILE AND MARINE SERVICE

You can also make local and long distance calls to automobiles, trucks and boats equipped for mobile telephone service. Ask Long Distance for the Mobile Service Operator, or the Marine Operator.

OVERSEAS CALLS

(including Alaska and Hawaii)

You can call practically all the world's telephones from your telephone. Tell the Long Distance Operator you wish to place an overseas call and give her the name of the country you are calling.

Some typical weekday rates for a 3-minute call (excluding Federal Excise Tax)

ARGENTINA, AUSTRALIA, BRITISH ISLES, ITALY, JAJAN, PHILIPPINE IS.	$12.00
BERMUDA	$4.50
PANAMA	7.50
PUERTO RICO, VIRGIN IS.	5.50
HAWAII	7.50
ALASKA — Anchorage	$9.00
Fairbanks	9.00
Juneau	8.25
Nome	9.00

Reduced rates apply on calls to many countries during certain night hours and on Sundays.

BUSINESS with the Telephone Company

Your Service Representative.....228-9011

Your account is handled by a representative at the Business Office who will help you in any service requirement. She will arrange for new or additional telephone service, a move or disconnection of service, listings in the directory, and advertising. She will also answer questions about your bill or payments, and will furnish information on other telephone matters.

Office Hours—9:00 A.M. to 5:00 P.M. (closed Saturdays, Sundays and holidays.)

Business Office Address—317 E. Davis St., Burlington, N. C.

Your Telephone Company Managers

	Office Telephone
B. M. Osborne, Jr., Office Manager	228-9011
M. A. Moore, Jr., Manager	228-9011

Bills Can Be Paid at the Following Locations

TELEPHONE COMPANY BUSINESS OFFICE | **317 E. Davis St., Burlington, N. C.**

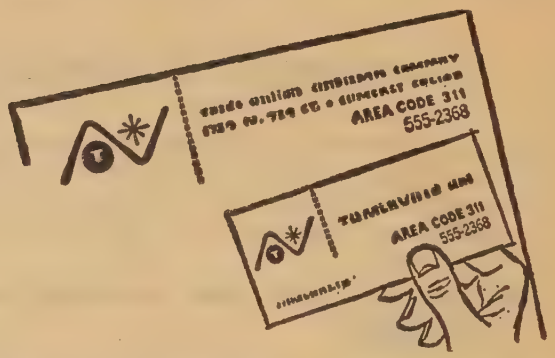
Payment Agency

BURLINGTON ..... Wachovia Bank & Trust Co.
235 S. Main St.
844 S. Main St.
1534 N. Church St.

GRAHAM ..... Pugh's Radio & Television Shop
105 N. Main St.

Please return the bill stub with your payment. If you have mislaid the stub, write your telephone number on the check or money order.

Blue Book of Telephone Numbers



For faster service this attractive Blue Book of Telephone Numbers provides a handy place for keeping your personal list of local and out-of-town numbers. The latest edition contains a list of area codes for over 700 cities. To get one free, just call, write or visit your Business Office.

HELPFUL INFORMATION

YOUR TELEPHONE NUMBER IS IMPORTANT

It's smart to make it easy for your customers to reach you. So why not include your telephone number on your stationery, statements and all advertising pieces? Show your area code, too—it helps distant parties call you faster.

A pamphlet explaining where and how to display area codes is yours for the asking—just call your Business Office.

When You Hear a "BEEP" Tone

If you hear a short "beep" tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

Attachments to Telephones

The Telephone Company furnishes all equipment necessary to provide telephone service, in the interests of safety and good service, no equipment, apparatus or device not furnished by the Telephone Company may be attached to, or used or connected with, its facilities, except as provided in the Company's tariffs.

Telegrams

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph company—see the listings of that company in this directory—and have the charges appear on your telephone bill. You may also telephone your Western Union telegrams from coin telephones, paying as you would for a telephone call.

Out-of-Town Directories

Directories of other cities may be obtained at a nominal charge. Call our Business Office. _____228-9011

Telephone directories of the principal cities and towns in the United States may be consulted at 317 E. Davis St., Burlington, N. C.

Automatic Answering Set

Certain telephones are equipped with an automatic device, known as an Automatic Answering Set, which answers the telephone mechanically when no person is available. It then makes a recorded announcement.

If your call is answered by an Automatic Answering Set, listen carefully for the announcement which will be self-explanatory.

Some of these sets will also record a message from the caller.

Tariffs

Tariffs which show rates, rules and regulations for telephone service and facilities, approved by the Regulatory Commission, are available in our Business Office for public inspection.

BURLINGTON, N. C.

(Including ELON COLLEGE, GRAHAM and HAW RIVER)

"I'M GONNA PUT UP A HOWL!"

That's what will happen sooner or later when you leave your telephone off the hook—you'll hear a howling signal from the central office which is our way of asking you please to replace it. Blocks incoming calls, you know. And keeps folks on the party line from using their telephones.

Southern Bell

HOME INTERPHONE Lets You Answer the Door And Talk Room-to-Room on Your Telephone

What convenience! Whether you're dressing, dusting or dinner planning, you just pick up a phone to find out who's at the door. You can also use your phone to switch a call to the teenager . . . talk with Dad in the workshop without his lifting a hand . . . check on the sleeping baby . . . summon the family to dinner.

You, and the whole family, will enjoy many new conveniences, and extra security, with the modern Home Interphone—the complete home communications system, with matching color phones and speakers. Why not enjoy it tomorrow? Order yours from your Telephone Business Office or any telephone serviceman.

YELLOW PAGES

(Classified Telephone Directory)

BURLINGTON – ELON COLLEGE – GRAHAM – HAW RIVER

ANDERSON – KIMESVILLE – SAXAPAHAW

The Yellow Pages are published for the benefit and convenience of our subscribers. Each business subscriber is listed under one general classification without cost. The Telephone Company assumes no responsibility or liability for errors or omissions occurring in the Yellow Pages. Errors or omissions will be corrected, in a subsequent issue, if reported by letter to the Company.

Corrected through MARCH 1, 1963

TELEPHONE PLANNING

Increased use of telephone, teletypewriter and data-communications services makes planning for these services in commercial and industrial buildings more important than ever before.

Just call our Architects and Builders Service, and we will be glad to have a representative see you at your convenience.
